

Finavera Renewables announces resignation of Director

Vancouver, Canada, February 12th, 2010 – Finavera Renewables Inc. ('Finavera Renewables' or the 'Company') (TSX-V: FVR) announces that John Icke has resigned from the Company's Board of Directors. The Company would like to thank Mr. Icke for his dedication and direction during his time with Finavera Renewables; his broad corporate background greatly assisted the Company during its critical development stages. Finavera wishes him well in his future endeavours.

Finavera's Compensation and Nominating Committee has initiated a process to appoint a qualified director commensurate with the Company's next stage of growth.

Jason Bak, CEO

About Finavera Renewables Inc. (www.finavera.com)

Finavera Renewables Inc. is dedicated to the development of renewable energy resources and technologies. The Company's objective is to become a major renewable and green energy producer by developing and operating its assets in the wind sector. Finavera Renewables is developing wind energy projects in Canada and Ireland. In British Columbia, Canada, projects totaling 293 MW have been bid into the 2008 BC Hydro Clean Power Call. In Ireland, one pre-construction wind project is under development with a potential capacity of 105MW. Data collection and environmental studies have been continuing at a number of sites in both countries.

Statements in this news release, other than purely historical information, including statements relating to the Company's future plans and objectives or expected results, constitute Forward-looking statements. The words "would", "will", "expected" and "estimated" or other similar words and phrases are intended to identify forward-looking information. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different than those expressed or implied by such forward-looking information. Such factors include, but are not limited to: uncertainties related to the ability to raise sufficient capital, changes in economic conditions or financial markets, litigation, legislative or other judicial, regulatory and political competitive developments and technological or operational difficulties. Consequently, actual results may vary materially from those described in the forward-looking statements.
