

Finavera Renewables announces \$500,000 development loan

Vancouver, Canada, May 26th, 2010 – Finavera Renewables Inc. ('Finavera Renewables' or the 'Company') (TSX-V: FVR) announces that it has arranged a \$500,000 unsecured development loan. The loan has a one year term with an annual interest rate of 12%. It is anticipated that 2,900,000 share purchase warrants will be issued to the lender, with each warrant exercisable at \$0.10 for 12 months from the date of closing of the loan.

Proceeds of the loan will be primarily used for ongoing wind project development and general working capital. The development loan is subject to TSX Venture Exchange approval.

About Finavera Renewables Inc. (www.finavera.com)

Finavera Renewables Inc. is dedicated to the development of renewable energy resources and technologies. The Company's objective is to become a major renewable and green energy producer by developing and operating its assets in the wind sector. Finavera Renewables is developing wind energy projects in Canada and Ireland. In British Columbia, Canada, projects totaling 293 MW have been bid into the 2008 BC Hydro Clean Power Call. In Ireland, one pre-construction wind project is under development with a potential capacity of 105MW. Data collection and environmental studies have been continuing at a number of sites in both countries.

Statements in this news release, other than purely historical information, including statements relating to the Company's future plans and objectives or expected results, constitute Forward-looking statements. The words "would", "will", "expected" and "estimated" or other similar words and phrases are intended to identify forward-looking information. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different than those expressed or implied by such forward-looking information. Such factors include, but are not limited to: uncertainties related to the ability to raise sufficient capital, changes in economic conditions or financial markets, litigation, legislative or other judicial, regulatory and political competitive developments and technological or operational difficulties. Consequently, actual results may vary materially from those described in the forward-looking statements.
